Theme of the Conference

The theme of the conference is advances in computing science and network communication security.

Call for Papers

Researchers and authors are invited to submit original high quality technical papers of their newest research findings, novel technical studies, innovative ideas and approaches, visionary papers in the broad field related to Computing Science, Networking Communication & **Security and its future trends including, accordingly, topics of interest for submission include, are not limited to:**

TRACK 1: COMPUTING SCIENCE

Accessible Computing, Quantum Computing, High Performance Computing, Cloud Computing, Mobile and Ubiquitous computing, Embedded Computing, Scalable Computing, Cluster Computing, Autonomic and Trusted Computing, High Performance Computing, Scientific Computing, Data Compression and Green Computing.

TRACK 2: NETWORKING COMMUNICATION AND SECURITY

Communication and Networking, Emerging Technologies for Next Generation Network, Ad Hoc Networks, Sensor Network, Cognitive Radio, Satellite and Space Communications, Antenna and Propagation, Security and Privacy, Cyber Security, Biometrics Security, Surveillance, Internet Security, Stenography and Forensic Analysis of Cyber Crimes.

Papers submitted to COMS2-2020 will be assessed based on originality, technical soundness, results findings, clarity and interest to a wide audience. Accepted and presented papers will be published in Springer CCIS (Indexed in Scopus, Web of Science) series based on the fulfillment of Springer criteria.

Key Features

PAPER PUBLICATIONS:

All accepted, registered and presented papers will be published in Scopus Indexed Springer CCIS Series Conference Proceedings (Fulfillment of Springer Criteria).

Abstracting/Indexing of Conference proceedings in Scopus, DBLP, EI-Compendex and inclusion in ISI Proceedings. <https://www.springer.com/series/7899>

The Extended version of the papers will be considered for publication in the following reputed Journal indices in Web of Science (SCI, SCIE, ESCI), Scopus and Compendex, ACM DL, Inspec etc.:

Journal Title: "International Journal of Smart Vehicles and Smart Transportation (IJSVST)" by IGI Global <https://www.igi-global.com/journal/international-journal-smart-vehicles-smart/222692>

BEST PAPER AWARD

Two Best Papers (First and Second) will be awarded in each of the technical areas of conference track.

DOCTORAL COLLOQUIUM

Doctoral Colloquium invites **research** summary in the following two categories:

1. **Early Researcher:** Doctoral students who have not completed two years from their Ph.D. registration date.
2. **Advance Researcher:** Those who have completed more than 2 years from Ph.D registration date and those who have NOT completed 1 year from degree awarded.

Best presented works would be awarded in each category (i) Early Researcher and (ii) Advance Researcher in each of the above technical areas of research track.
